# ABOUT US

We at Green Apple Hygiene Care, are the Manufacturer of Xynol® Hygiene Solutions, take pleasure to introduce ourself as a global player of Essential Disinfectants and Speciality Cleaning Systems broadly used for Hygiene solutions. Xynol® products have strict adherence to the Parent Management System through "Virgin Green Formulations" that were granted several patents by The Canadian Patent Law for Dr. Jean LaFortune (of P&G), The Founder of Vertex Concept, Canada/Europe/ME.

Xynol® product range comprises of varied kinds of Bactericidal Hand Wash, Virucidal & Microbicidal Disinfectants, Mosquito Repellants, Industrial Degreasers, De-Scalers & Hygiene Chemicals. Xynol® creates an expansive Germ Shield against the Killer Human Viruses.

As a reflection of Green Apple Hygiene Care's commitment towards continuous improvement, our manufacturing facility has obtained multiple certifications such as :

ISO-14001:2015, ISO-10002:2018, GMP, GREEN GUARD & GREEN SEAL.

XYNOL® products are specifically designed to fight germs, dirt, stains besides microbes. Our plants are well-equipped with modern testing facilities. XYNOL® offers a unique interpretation for overall hygiene & germicidal care in today's polluting environment. We use GMPs that make it one of Xynol's Zero Manufacturing Waste to Landfill sites.

## OUR HALLMARKS

A collection of various XYNOL cleaning products, including bottles of disinfectant, bleach, and glass cleaner, arranged on a white circular platform against a purple background with a rainbow arch. The products include large blue bottles of 'GERM-FIX DISINFECTANT', 'BLEACH', and 'FLOREX', as well as smaller bottles of 'HAND WASH', 'TOILET CLEANER', and 'GLASS CLEANER'. There are also boxes of 'TOILET CLEANER' and 'HAND WASH'. The products are arranged in a row, with some bottles in the foreground and others slightly behind them. The background is a solid purple color with a large, multi-colored rainbow arching over the products. The entire scene is set on a white, circular, slightly raised platform.
